University Mixed Chorus Will Appear at Champion

The regular monthly meeting of the Champion Home and School was held in the school auditorium Monday evening, Feb. 16, with President Mrs. Walter Griffin in charge of the meeting. The main item of business centered around a letter read by Mrs. Ted Carlson from Mr. Green, assistant professor extension music of the University of Alberta, asking if the University Mixed Chorus might come to Champion for a performance Saturday, May 9. This is not in conjunction with the Choral Workshop but would be an excellent sequel to it. Their coming would entail the billeting of 80 people for Saturday night (including supper and breakfast).

After much discussion it was decided that the Home and School would sponsor the coming of this group. Committees were appointed to take care of advertising, sale of tickets and billeting so watch for information from time to time concerning this performance. If any in town or country could billet one or more of these young people kindly contact Mrs. T. Carlson or Mrs. W. Griffin at Champion.

Following the business session, the program convenor, Mrs. Ray Flitton introduced the Symposium which was to be the high-light of the evening. The panel dealt with Parental Participation in Teen-age Activities — is there sufficient interest in teen-agers to help them develop their greatest potential as responsible citizens?

Panel members were: Two teachers, H. Cummins and Fred Cartwright, who spoke from the teacher's point of view; two parents, Mrs. Pusey and Rev. J. O. Hoel who spoke for the home and the church; and two students, Beverly Decker and Clark Warren who spoke from the viewpoint of the student.

The speakers were most interesting and instructive. All put forward the definite need of real enthusiastic parental interest in what the teen-agers are doing if they are going to be helped to develop into responsible citizens.

A buzz session followed in which the audience was divided into groups and each group was asked to state three ways in which parents might participate in teen-age activities. Following is a summary of the group contributions:

- (1) Home discipline is essential to good manners when away from home.
- (2) Parents should attend school functions and out of school functions with their young people.
- (3) Parents should attend church and Sunday School with their young people.
- (4) Home interest, guidance, encouragement and discipline is very essential.
- (5) There should be more family outings—where interest in one another is shown.
- (6) The parents should make every effort to supply the child with needed materials for his or her school work.
- Lunch was served thus bringing a very profitable and enjoyable evening to a close.

The 14th annual meeting of the High River Presbytery WA met at the Nanton United Church with over 100 ladies attending. Mrs. T. L. Sandeman of Okotoks presided. The theme of the meeting was "The Lord Hath Done Great Things." The morning worship was taken by the High River WA. After the reading of the minutes of the previous meeting by Mrs. W. E. Noble of Okotoks the treasurer's report was read by Mrs. Bryce of Nanton, showing a balance of \$462 in the scholarship fund and \$171 in the local.

Mrs. O. Gregory of Claresholm led a very good panel discussion on literature using the book, "The Mysterious North," written by Pierre Berton as an illustration of good literature. One resolution was presented asking that more Protestant programs be used on TV and that a letter be sent to the local member of parliament, also to the broadcasting station. Mrs. B. M. Guests were Stanley Norris, B.Ed., M.A., of the Faculty of Education at the University of Alberta; Olaf Larson, Superintendent of Schools for the County of Newell, and Miss Janet Larson, Supervisor of Music, City of Lethbridge Schools.

The day was featured by group discussions with the teachers of each of the two elementary school divisions and of junior high school and high school forming four separate groups.

The roles of superintendent, principal and teacher was the subject of a panel discussion, with members of the panel being A. L. Schrag, Stanley Norris, Olaf Larson, H. Cummins, Bruce Palk, Mrs. Anne Green and Mrs. S. Gatenby.

Badminton Club Visits High River

Interest in local badminton was boosted on Wednesday, Feb. 11, when about 20 members of the Vulcan club travelled to High River for an evenings play.

The hosts had three courts in action at the High River Memorial Centre and a mixed draw gave six games in which there was an opportunity to meet and play with men and women from the neighboring town club.

Lunch was served at 11 o'clock and more play followed until time for the return trip to Vulcan.

It was an enjoyable evening for all with the possible exception of one local member who went through the evening without being on a winning team and was still trying to scare up a foursome to regain his pride at the end.

The local club hopes to have another get-together here in town soon with other clubs. Thought is presently being given to staging a spring party to include members from all surrounding town clubs and representatives from those groups will be contacted to voice their opinions on the idea.

Hail Suppression Said 'Effective Control Method'

A recent visitor to Vulcan was J. T. Bishop of Three Hills, farmer of that district and president of the Kneehill Hail Suppression Association and also of the Alberta Association.

A hail suppression plan has operated in the Kneehill municipality for the past three years and, in the course of an interview with the Advocate, Mr. Bishop stated that the scheme has been very successful.

The Water Resources Development Corporation of Denver (now known as Irving P. Krick & Associates) had, in 1955, asked for the co-operation of the farmers of the Kneehill M.D., because their area had been chosen as the worst hail area in North America and would be the best possible practical testing ground.

The control measures practiced in Kneehill M.D. these past three years have been found to be effective, said Mr. Bishop, and the hail suppression scheme has the enthusiastic support of 85% of the farmers in that area. In 1958 the area produced a crop valued at \$6 million based on elevator estimates. A number of threatening hail storms appeared, but were turned into "slush" storms as a result of the hail suppression measures taken. Greatest damage reported was to oat crops, with the greatest loss to oats being 20%. Total losses due to hail, over the entire district was approximately 1/4 or 1/5 — and this in a district that, consistently suffered severe hail losses every year before the hail suppression scheme was put into effect.

The M.D. of Rocky View, which also has a hail suppression scheme in effect, claims that \$1 million dollars damage has been saved in two years.

Admittedly, said Mr. Bishop, the need and benefit of hail suppression is greater in some districts than in others, but the only fair way to pay the cost of hail suppression is by a special levy based on land assessment. In Kneehill M.D. this special assessment last year was 6.8 mills; in Rocky View M.D. it was 7.5 mills.

A plebiscite of the ratepayers is held each year, usually in January, to decide whether or not a hail suppression contract will be entered into for that year. A 66% majority of those voting is needed for approval. In the plebiscite held in Kneehill M.D. on Jan. 6, 1959, an 85% majority was obtained in favor of entering into a new contract, with poll results ranging from 81 to 89% in favor.

After three years operation of the hail suppression scheme, 95% of the farmers in Kneehill municipality no longer carry hail insurance. They have found, said Mr. Bishop, that the benefits of hail suppression are far greater and that its cost is far less than hail insurance.

Meeting on Saturday
A meeting to discuss hail suppression will be held in Vulcan at the Vulcan Lodge Hall on Saturday, Feb. 28, at 2 p.m., when speakers will be Mr. Bishop and William Connor, representative of Irving P. Krick & Associates.

Curling Notes

The Vulcan Ladies' Invitational Bonspiel of 24 rinks wound up Saturday night, Feb. 21, with outside rinks dominating the prize lists of three events.

In the Main Event the Alice Thurber rink of Mossleigh with Bernice Leslie, Wilma Groeneveld and Emma Thurber making up the foursome, won top honors over the Mrs. Row rink from Barons. Third spot was taken by Lila McAllister of Lethbridge and fourth by the Irma Middleton rink of Vulcan.

Topping the Second Event was Olive Leslie, Lena Brause, Dorothy Scott and Colleen Brooks of Mossleigh, who won over Mrs. Burley of Brant. Third and fourth spots went to rinks of Shirley Wolfe and Hannah Matlock, both of Vulcan.

Third Event prizes all went out of town with the Calgary foursome of Lynn Cundall, Dorothy Alexander, Ethel Hanlin and Caroline Raymond taking first by winning over the Ruth Pasoli rink of Champion. The Edith Steiner rink won third with Norma Magnusson of Lomond getting fourth. For the first time in

Will Celebrate Golden Wedding

Mr. and Mrs. Delbert Jay Beagle of Arrowwood are celebrating their Golden Wedding Anniversary on Feb. 28, at their home in Arrowwood. They were married in North Dakota in 1909 and came to Alberta where they settled first at Nanton and later at Brant and Bow City, before moving to Arrowwood. Piecing quilts and growing beautiful flowers are Mrs. Beagle's pastimes while Mr. Beagle looks after a big garden every year. She is 68 and he is 72.

Their family includes five daughters and four sons: Mrs. John (Dorothy) Mackie and Mrs. Herbert (Edith) Kruger of Calgary; Mrs. Clarence (Claire) Arens of Bluffton; Mrs. Herbert (Ruth) Smith of Strathmore; Mrs. Fred (Edna) Stover and John of Los Angeles, Calif.; Ivan and Chester of Calgary, and Stuart of Blackie. Also there are 20 grandchildren and four great-grandchildren.

Strong Prices At Auction Mart

A strong, active market marked last Saturday's weekly auction at the High River Auction Mart when grain fed steers reached \$23.40 per hundred weight and grain fed heifers \$22.00. Stocker steers were up to \$24.00. Heifer cows sold at \$18.30, heifer calves to \$24.75 and steer calves \$26.00. Stock cows sold from \$175 to \$217.50 apiece.

Wenner hogs varied from \$6.50 to \$12.50 and heavy feeders sold from \$14.00 to \$31.50 per head. Bred sows brought from \$35.00 to \$72.50.

years the ladies were able to complete their 'spiel' without warm weather interruptions, thanks to artificial ice.

The Vulcan Elks Bonspiel held last week with 16 entries, was won by the foursome of Bud Haverly, Bob Middleton, T. Marsh and Bob Nimz. Second spot was the rink of Gail Atkinson, followed by the foursomes of Jim Jensen and Buster Armstrong.

Second Event winner was the rink of Lawrence Haga, A. Godkin, L. Engen and R. McIntyre. Second prize went to Burnell Drummond's rink with third and fourth to Fred Mensinger and Neal Dumka.

The Vulcan Curling Clubs' second Jackpot Bonspiel top prize was again gathered in by a Lethbridge foursome. Winning top honors was the Philips quartette skipped by Gerry Coyne who defeated Ron Northcott of Calgary in the final. With Northcott were Bernie Sparks of Claresholm and Warren and Gary Banks. First money on the consolation side went to Buster Armstrong, Ron Miller, B. Drummond and Earl Erickson, who won over the Kotch rink of High River in the final. The curling in these events is of top calibre and proving very popular with curlers and spectators alike. The next Jackpot 'spiel' in Vulcan is scheduled for Sunday, March 22.

The next big event in Vulcan's curling calendar is the Men's Open Bonspiel from March 9 to 14. A large entry is expected for this year's 'spiel' both from local and outside points due to the first year of artificial ice and the later date not conflicting with other bonspiels throughout the County.

A Dual Need

Ratepayers at the recent town meeting should have been disturbed at the statement that if a major fire occurred in Vulcan in sub-zero weather, requiring the laying of long lines of fire hose, the fire department would thereafter be virtually ineffective for a matter of several hours due to the complete lack of proper facilities for thawing, draining and drying hose.

The present fire hall just gives sufficient space in which to store the two fire engines, with no space for thawing or drying of hose and no space for training of members of the fire department.

The town council has been asked to give consideration to the replacement of the present old fire hall with a modern building with space provided for the needed facilities mentioned above, and the Advocate wholeheartedly endorses this proposal. The town is growing and expanding every year—town services such as fire-fighting must keep pace.

Another need that should be considered at the same time is that of adequate facilities for the library. The present accommodation is very poor and certainly doesn't lend itself to any expansion of library service.

There is no reason why one new building, properly planned, could not provide adequate space and facilities for both fire hall and library. Better accommodation for the library will have to be considered sooner or later—why not plan for the future and incorporate such accommodation into one new building that will meet the needs of both fire department and library?

Construction of such a building would have to be approved by the ratepayers, but it would fill a definite need and, we are sure, would receive approval.

THIS FREIGHT RATE BUSINESS

Freight rate increase of 17% granted to the railways will have a terrific impact on the economy of western Canada, and it is all inflationary. Higher freight costs only compound the disproportionate rates in effect in different sections of the country. While Ontario and Quebec escape big freight hikes, located as they are along competing waterways routes, the other provinces bear a heavier load than ever—particularly Manitoba, Saskatchewan and Alberta. The federal government has announced an "adjustment" scheme of sorts to offset this discrimination, but nobody is kidding himself that prices of goods in the west aren't going up.

Grocers anticipate considerable higher costs of most food items. Electrical appliance dealers are worried about transportation rates from eastern manufacturing centres. It's the same story in all business lines, where bulk and weight of finished products is a decided factor. Farm machinery will be going up an estimated 5% — a heavy percentage on commodities valued in the thousands of dollars.

The Globe and all other newspapers in the west have received the glad tidings, too. Newsprint will cost about \$20 more a ton. Fine printing papers are expected to be up between 8% and 10%. Even a 50-pound drum of news ink — which doesn't last long in a weekly publishing plant — will carry a higher price tag. Any businessman must think long and hard about his operation, when costs suddenly sky-rocket and the margin between income and expenditure shrinks further. Should a publisher increase his advertising rates? Charge more for a yearly subscription? Bump the printing price of a thousand envelopes?

Can the furniture merchant afford to absorb the freight hikes himself? Or must he mark up the cost of a dining room suite? And the grocer a pound of coffee? And the machinery agent a 1959 tractor? There can be only one answer. The consumer must foot the bill, and he is not doing so equally across the dominion of Canada.

It is not yet clear what the federal government intends to do to correct this imbalance, but the action is of vital importance to each person in the Maritimes and western Canada. His pocketbook feels keenly the injustice of the present freight rate structure.

Letters to the Editor

To the Town of Vulcan

Councillors:
According to a report in last week's Advocate, the matter of dogs running at large in town during the summer season is now under consideration.

May I as an amateur, but keen gardener, strongly urge that all dogs be restrained from May 1 to Sept. 1, at least. If I am not mistaken the by-law last year applied only to hunting dogs. Now, if such was the case, I simply cannot imagine a more ridiculous law. What earthly difference can it make, if one's garden is over-run by an Irish Setter or a Pomeranian?

Surely it is not asking too much to require dog owners to keep their pets confined to their own yards, or that they be taken out on a leash. No one wishes to see all the town's dogs down away with, but believe me it is most discouraging to see the work of months destroyed in a few moments, by the antics of stray dogs. And in the final analysis, the animals are not to blame, but their owners are. So let us be realistic and confine all dogs this summer.
—A Gardener.

Community Club

The February meeting of the Lomond Community Club, was held at the home of Mrs. Phyllis Huff. Roll call was answered by a Valentine exchange.

Old business was discussed and reports accepted from all committees. A gift was purchased by the club for the Adams family who were burned out recently. It was also decided that the club purchase some pots and pans for the hall. The raffle draw was held and won by Janet Skeith, followed by the monthly auction sale. Winner of the contest was Violet Huff.

A delicious lunch was then served by the hostess and her assistants.

Birthday Club

The home of Mrs. Ed Johnstone was the meeting place of the Birthday Club for their regular monthly meeting on Feb. 12. As the president was absent, the vice-president, Mrs. Henry Thompson, conducted the meeting with the regular secretary, Mrs. Henry Crawford. The opening song was, "We're Glad to See You Here." Roll call was answered by 10 members taking part in a Valentine draw.

The secretary reported that the card parties held every two weeks were quite successful. Thank-you cards were received from members who had been remembered while ill and in hospital.

The meeting closed by singing, "Ole Faithful." Mrs. Zuba had charge of the afternoon's entertainment and had two different and enjoyable contests to amuse the participants. Mrs. Brooks was successful in getting the most "pancakes for breakfast," while blindfolded and Mrs. Anne Johnson was the winner of the raffle.

The hostess and her helpers concluded a pleasant afternoon by serving a lovely lunch.

Bethany Lutheran W.M.F.

The February meeting was held at the home of Mrs. Roy Elliott and was opened with the song, "I Love to Tell the Story." Pastor Foster gave the devotional, continuing with the lesson on "The Christ Possessed Life." Roll call was answered by 11 members.

The reports of the secretary and treasurer were disposed of in order and accepted as read. Correspondence consisted of letters from our missionaries in Japan, Miss Marie Tweit and Miss Joyce Berg in Colombia, South America, telling of their work in those countries, which was very interesting to us all. Mrs. K. Pedersen gave an interesting reading on missions. The club then voted to send a donation of money to the "Dollars for Home Fund." Also to send Easter cards to our missionaries whose homes are in Alberta and Saskatchewan. Two members donated their pennies for each year of life to the Birthday Box.

The meeting was closed with the song, "Beautiful Saviour" and the "Lord's Prayer" repeated in unison.

While lunch was being prepared the sewing committee showed some remnants of goods for sewing, etc., and were taken out by members. A lovely lunch was then served by the hostess and her assistants, Mrs. F. Walker and Mrs. A. Johnson.

The next meeting will be held at the home of Mrs. K. Pedersen. Roll call to be answered with turning in Mission Boxes.

**BETTER SEEDING
FOR BETTER YIELDS****NOBLE
HIGH CLEARANCE
DRILLS**

1. Seed down to moisture without covering the seed too deep... no dry soil or stubble is worked in with the seed.
2. Give more positive, more even germination than any other drills. This means earlier ripening and earlier harvest.
3. Seed through more stubble and leave better stubble protection for the seedling — avoid wind damage.
4. Remove heavy stubble and trash from drill row, so it will not shade and stunt the young seedlings.
5. Have extra strength for rugged work on rough or stony ground.
6. With each Noble Drill you get the best packers made, built into the drill — packers that follow immediately in the drill rows where packing should be done.
7. These important features are making for better yields wherever Noble Drills are used. Better yields and earlier ripening are particularly noticeable in dry seasons, when compared with other seeding methods.

Mr. and Mrs. Bartsch, Patsy and Allan went to Elnora on the weekend where they were guests at the home of Mr. and Mrs. Donald Campbell.

Mr. and Mrs. Alf Heather went to Calgary to attend funeral services for the late John Martin.

Winners at the Liberty card party on Saturday were: High, Mrs. Leonard Vooyes and Hugh Winch; low, Mrs. Hodgson and Everett White. Five tables of players were present. The parties are proving to be a good way to spend a Saturday evening.

Little Jimmie Dew was taken to Calgary during the week for x-rays on his leg, and will remain in the Red Cross Children's Hospital for treatments. If these don't effect a remedy he may have to undergo surgery. A few years ago Jimmie fell from a horse and injured his leg; at the time x-rays did not reveal any serious damage but recently the leg started bothering him and so the trip to Calgary. All of us send best wishes to Jimmie that he will be home again before too long, all fixed up good as new.

Quite a number of the small fry in the district have been home from school with various troubles. Some have scarlet fever, some with severe earaches and still others with measles. Get well wishes go to all, or maybe they would just as soon be home from school.

Near the weekend the weather moderated and by Saturday it was like spring with a temperature of almost forty above. No one will complain if it remains that way for awhile. There is quite a bit of snow lying around yet but that could disappear in short order if a February chinook developed.

Queensdown-Milo FWUA

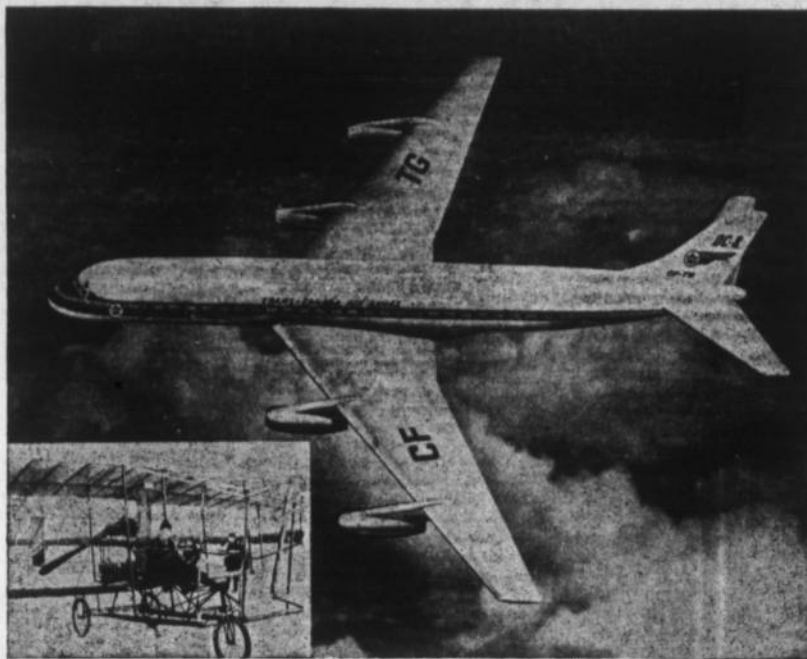

The February meeting of the Queensdown-Milo FWUA was held at the home of Mrs. John Papp, with nine members present. In absence of the president, Mrs. Henry, the vice-president, Mrs. Clarence Umscheid conducted the meeting. The roll call was answered by "What I Would Like To Plant In My Garden." There was to have been an exchange of slips and seeds at this meeting but it is rather early for this sort of exchange in this part of the country so this was held over for next month.

Mrs. Gilbert Vooyes and Mrs. C. Umscheid read the bulletins and correspondence. One of the bulletins read in regard to the March on Ottawa. A letter on the adoption of a refugee was held over for next month when it was hoped more members would be able to attend and make a decision on this matter. Mrs. Umscheid won the raffle.

The hostess served a lovely lunch, assisted by a few of the

members. The next meeting will be at the home of Mrs. Wayne Monner.

Another milestone will be reached later this year when Trans-Canada Air Lines takes delivery of the first of its six huge DC-8 Jetliners which will fly at 550 miles an hour and carry 127 passengers. Mr. McCurdy will be taking part in many of the Golden Anniversary celebrations throughout Canada this year.

DID YOU KNOW that CASE challenged all other tractors to compete against Caseomatic Drive last year and in most cases other machine companies would not give it a try? In view of the fact that other machine companies have been trying to improve their tractors to come up to Case's standard, we hope to have more competition next spring. In the meantime, why buy an ordinary tractor when you can get a Caseomatic tractor for very little more money? Remember, Case holds the world's economy record for spark-ignition tractors.

UNUSUAL TELEPHONES SYSTEM—It uses neither outside electricity nor even batteries—serves the 50-acre "city" which makes up Imperial Oil's new petrochemical plant at Sarnia, Ont. Here, 50 feet up a tower, Robert McLean makes a report to

the six-sided control room in the background. The human voice, aided only by a tiny magnet, powers these phones which are less susceptible to the plant's noise and vibration than ordinary phones. The \$28,500,000 plant has such phones at 30 locations, and is also

equipped with its own sewers, fire hydrants, and two miles of paved streets. The chemical "building blocks" which the plant turns out finally end up in automobile tires, floor tile, plastic pipe and film, anti-freeze, detergents and hundreds of other things.

TWO PRINT SHOPS

In an effort to get a print job done during the busy holiday season, I visited two print shops and I was greatly struck by the difference between them.

Their machines were much the same; but the tempo of activity was strikingly different. The first shop was a leisurely, slow-paced, slap-happy operation. At the counter, the man said, "Nooo... don't think we could handle that now. You should of come earlier... holidays and all..." The second shop looked, sounded, and was a going concern, with machines clicking at full speed, operators chipper and active. At the counter, the man said—with a wide grin—"If you'll leave it with us, we'll do our darndest. 'Hey Charlie!'"

Charlie came over and the man said, "Think we could get this out for the man? He's in a bit of a spot..."

Charlie asked me a few quick questions about type face, deadline, color and willingness to pay a bit of overtime if need be. Then he said, "We'll do our best—I think we can handle it by the deadline; I'll guarantee it for the 28th, though."

They did the job, sent a car for me to come and read proof right in the shop, and there was no overtime required. I started to thank the boss profusely. He said, "You really ought to thank Charlie—but the best way to thank us is with your next print job." He said it with a grin, of course, but he meant it and he'll get my next print job and I'll have it at his shop at the earliest possible moment.

One other thing about those two shops has stuck in my mind ever since.

That was the expression on the faces of the boys and girls at work. In the leisurely shop, they looked gloomy, tired, unhappy. In the fast-moving set-up, they looked alert, happy, enterprising.

I'm convinced that in an organization where everyone is going full tilt against deadlines, there is more genuine goodwill and fine spirit than you find in situations where workers just aren't doing their best. When everyone's on his toes, snapping into the job, there's an inescapable spirit of zest and pep.

I may be wrong, but I'd be willing to make a bet that the men in shop one feel more tired at the end of the day than the chaps in shop two!

ALBERTA AGAIN STEMS NORWAY RAT INVASION

EDMONTON—The combined efforts of farmers and pest control officers again stemmed the invasion of Norway rats at the eastern border of Alberta in 1958, an agriculture department spokesman said here.

The rodents, moving in from Saskatchewan, were confined to a strip along the province's eastern boundary.

David Stelfox, assistant supervisor of pest control for the province, said farmers and pest control officers used more than 10 tons of dry-mix bait poison and more than 100,000 quarts of water bait. They killed about 58,000 rats. "Much credit is due Alberta residents for their co-operation with municipal and provincial pest control officers," Mr. Stelfox said.

Mrs. May Short Dies At Calgary

Mrs. Helen May Short, of 209 Renfrew House, died in the Calgary General Hospital Feb. 10.

Born in Calgary, she had resided in Rockyford, Vulcan and Lethbridge before returning to Calgary. She was a member and past president of the Order of the Eastern Star. She was also a past grand

Mrs. Gerald Brooks, the former Colleen Haverly, was the guest of honor at a recent miscellaneous bridal shower, held in the United Church parlors. A Valentine theme was used in decorating, with red and white streamers and hearts.

Hostesses were Mrs. C. Northcott, Mrs. G. Seaman, Mrs. H. Boutland, Mrs. Nelsie Robertson, Mrs. Roger Middleton and Mrs. J. Berg, who arranged a most enjoyable program. The playing of Charades evoked much merriment and provided much hard concentration for all.

Little Frankie Middleton and little Darcie Boutland dressed as Jerry and Colleen, brought in a gaily decorated miniature truck. The truck's cargo proved to be many beautiful and useful gifts for the bride's new home. Assisting the honored guest in opening the colorfully wrapped parcels were her mother, Mrs. Bud Haverly and Mrs. Brooks, Sr., mother of the groom. Miss Helen Haverly was in charge of the Bride's Book and also assisting was Miss Helene Lund of Lomond.

Colleen very graciously thanked her friends for the lovely gifts and for their kind wishes. A dainty lunch was served by the hostesses assisted by a number of other friends.

Brooks Hawks Beat Hockey Legionnaires

Vulcan Legionnaires dropped an 11-8 decision to the visiting Brooks Black Hawks in exhibition play last Sunday afternoon.

With a good passing attack and strong back-checking tactics, the Brooks boys showed too much hustle for the locals. A big feature of the opposition was the fact that ages of players was under 20 years.

Future hockey will depend largely on ice conditions and with the end of February approaching and the thawing weather of the early part of the week, natural ice is becoming a thing of the past.

Vulcan Legionnaires: Garvin, Wright, Larkins, Mitchell, Don Jantzie, Kehr, Hrabal, Healy, Pruden, Gorbous, Kasdorf.

In the 18-and-under ranks, two wins and a loss were registered by the Vulcan club over the past week.

On Tuesday, Feb. 17, the Champion visitors were caught napping and badly shellacked by Mel Jordan's team and two days later Vulcan won a close 6-4 game from Mossleigh. This game, one of the better of the season, was marred by an accident early in the second period. Vulcan netminder Spike Dawson caught a puck in the face and left the ice to have stitches in his lip to close the gash.

A young club from Calgary gave the local boys their loss with a 10-7 score in a game played here last Sunday.

Plans for the proposed four-team hockey tournament are waiting the fate of the ice under the warmer weather presently being experienced.

Four clubs, Milo, Champion, Mossleigh and Vulcan are all set to take the ice this Saturday and

if play is permitted, games should go at 1:00 p.m. and 3:00 p.m. with the winner being decided in an evening game at 8:30.

Vulcan lineup: Dawson, Wylie, Christie, Dann, Mayse, Norman Beuhler, Hughes, Frank, Bodel, Schumaker, Northcott, Schuler, Ruark, Earl and Roebuck.

W.I. Will Sponsor Cancer Film

The Valentine theme featured the February meeting of the Reid Hill W.I., which was held at the home of Mrs. Walter Frickelton, Wednesday, Feb. 11. Mrs. Pete Schuler and Mrs. A. Sales were assistant hostesses.

Mrs. Earl Deal, the president, was in the chair and conducted the meeting, assisted by the secretary, Mrs. Fred Schuler. Twenty members and three visitors answered the roll call with "What Attracted Me to My Husband" and proved highly amusing and enlightening. The ladies, for the most part were thankful that there were no hidden microphones around.

The new programs for the year were distributed and the work of Mrs. J. S. Smith and committee, who were responsible for preparing them came in for a good bit of praise, for the fine job done.

The decision was made and plans discussed for sponsoring the showing of an educational film, through the Canadian Cancer Society. This film, open to women only, will be accompanied by a talk. All women's organizations will be contacted and invited to join in this very worthwhile effort. Monday afternoon, March 16, was the date set for the showing and address.

Mrs. C. Love was appointed delegate to the District Conference, to be held in Lethbridge, March 24 and 25.

Correspondence was light and routine. At the conclusion of business session, the meeting was turned over to Mrs. Jack Marshall, who conducted two very appropriate and interesting contests. Winners of the contests were Mrs. E. G. McPherson and Mrs. Frieda McRoberts.

Birthday remembrances were presented to the members, whose birthdays occur this month, namely Mrs. Percy Myers, Mrs. Pete McIntyre, Mrs. C. Love and Mrs. L. Healy.

Mrs. H. Rutberg was welcomed as a new member.

The tea draw was won by Mrs.

Thank-you cards were read. Mrs. D. Smith was asked to order another kettle for the Community Centre kitchen, with Nabob coupons.

Correspondence from Donka and Mrs. House was read.

Business was cut short to hear Mrs. House give the report from the annual convention, which proved to be informative and interesting. She also mentioned that the District 12 convention was to be held in Claresholm, in April. Carol Lane of Shell Oil will be giving a talk and demonstration and each local will be asked to bring cake and cookies.

Roll call was answered with, "What I Would Like to grow in my Garden This Year."

Carolee Bates is going to be present at the March meeting and give a talk on her U.N. competition.

A motion was made to try and get a Junior Farm Week Queen candidate.

Correspondence regarding tax clinics was read and discussed.

The meeting was adjourned and the FWUA local joined the ladies for a hot supper served by the hostess and the lunch committee.

The March meeting will be held at the home of Mrs. Wilson Oldfield.

WSWS Meets

The February meeting of the WSWS was held at the home of Mrs. Alex Kaiser. Mrs. Ruby Schierman was in charge of the devotions and gave a talk on "Bringing others along." The study on "The problems of the Middle East," was presented with several ladies taking part. Roll call was answered by 13 members placing a Bible verse, on a heart shaped poster, with the verse containing the word heart.

A short business session followed and it was reported that the sewing project was completed and plans were made to send the completed garments to a hospital in the Philippines. Friendship cards were sent to Miss Muriel Hayne and Marion Hyslop. The Evangel subscriptions were renewed and Mrs. Lenore Delmet reported on the reading course. The meeting was closed with the "Lord's Prayer." The March meeting is scheduled to be at the home of Mrs. C. Deal.

The hostess, assisted by Mrs. J. Schierman, served a lovely lunch.

Church of Christ

Last Thursday, Feb. 19, the Candlelight Group of the Church of Christ met at the home of Mrs. Ruth Dann. An interesting Devotional thought was brought by Mrs. Frank Dann on the work of Missionaries in India. The roll call took the form of a Bible verse on prayer. Lunch was served by Eileen Haga and Lily Schmidt.

Frank Dann was the speaker at both services on Sunday and two very inspiring messages were brought by him. At the morning service the senior choir sang and a delightful duet was rendered by Ila Lundgren and Margaret Davies.

The Young People met as usual on Monday evening and there were about 25 present. A hymn-sing was led by Warden Budd and the devotional, a few thoughts on the qualities of Christian Love, was brought by Tony Pearce. Final plans were laid for the sale on Saturday and also preliminary ideas were discussed for the forthcoming Youth Conference to be held in Taber.

THE WEATHER

Warmer weather has prevailed this week, with daytime temperatures of about 45 above. The ground is still covered with snow, which is melting slowly.

Roy Harold, after which a hot lunch was served by the hostesses. The March meeting will be held at the home of Mrs. W. A. Fitzpatrick.

TREES TO TAME THE WIND!

More and more farmers are becoming aware of the importance of trees as protection against wind and as a means of preventing soil and snow drifting. There is still a good selection of trees available

for 1959 from the Alberta Department of Agriculture, advises P. D. McCalla, supervisor of Horticulture. They are for farmstead shelter, field windbreaks and roadside planting. Anyone can obtain the trees providing the planting strip

was summer-fallowed last year.

The varieties from which you make your choice are: caragana, white spruce, lodge pole pine, Scotch pine, green ash, American elm, Siberian larch and hardwood cuttings of Russian poplar.
